

DIAMOND Bedside table

Designer: Giovanni Cagnato

Year: 2015

DESCRIPTION

The bedside tables of the Diamond collection are made in the right and left version. The wooden structure is in glossy lacquered finish and it is embellished with leather inserts that cover the curved part of the unit and with metal details in gold such as padlocks and base. The main drawer contains a second retractable drawer. The bedside table of the Diamond collection is available in different finishes as per sample book.

The company reserves the right to make changes to the models without notice. The information given here is based on the latest data published on the price list.
